ABOUT

I have recently completed my first year of the Computer Science degree at IIT, where I gained knowledge in Python, Java, HTML, CSS, and JavaScript. I am now seeking an internship opportunity during my three-month vacation before starting my second year. I am eager to apply my skills and gain practical experience. As an intern, I am keen to contribute to real-world projects and learn from experienced professionals. I am also willing to continue the internship online once the new academic year begins. This experience will be invaluable as I prepare for my third year, which is dedicated to internships. I am a quick learner, enjoy working in teams, and am enthusiastic about the chance to grow and develop in the industry.

SKILLS

Programming Languages	Python, Java
Web Development	HTML, CSS, JavaScript
Development Tools	Intellij IDEA, Visual Studio Code
Design Tools	Figma

EDUCATION

University of Westminster (Informatic Institute of Technology) Bachelor of Science in Computer Science	2023 – Present
